

## Development of P20

Deadlines: January 25, May 25, September 25

Check with relevant IC, if P series applications are accepted, and when

### NIH Definition

To support planning for new programs, expansion or modification of existing resources, and feasibility studies to explore various approaches to the development of interdisciplinary programs that offer potential solutions to problems of special significance to the mission of the NIH. These exploratory studies may lead to specialized or comprehensive centers.

- Often used to support planning activities associated with large multi-project program project grants

### Required Components

#### Page Limitations

Please note that **page limits vary** by PAR/RFA, given is only an example; please refer to PAR/RFA.

	Page Limits
Overall*	12
Admin Core*	12 (varies)
Research Core	12
Developmental Research Project (at least 1)*	12

\* required; depending on PAR/RFA, other cores may be required

#### Budget

- varies, please check PAR/RFA
- up to 4 years (**varies** for some announcements)

### Overall Components:

Please verify specific components in PAR/RFA, since they may vary between announcements

- Specific Aims*; program project as whole
- Research Strategy*:
  - Overall Objective
  - Each Pilot Research Project
  - Scientific & Administrative Leadership
  - Partnership integration

**Each PAR/RFA has unique requirements, please refer to the announcement!**

- Center as national resource in area
- Contribution of each core component to cost-effectiveness and quality control
- Innovative, rigorous, thematically focused and productive research
- productive, independent investigators with existing collaborations (evidenced), leaders in their field
- broad range of expertise
- Discuss integration of proposed work
- Need for Research Center mechanism

- Letters of Support*: institutional support, internal advisory committee
- Resource Sharing Plan*

- SF424 Cover (Overall)*
- R&R Project Information (Overall):*
  - Facilities & Other Resources; parent institution only, proposed advisory committees, space assignment, organizational framework, provide organizational chart
- Project Site Location (Overall):* Primary site only
- Key Personnel (Overall):* only PI(s)
- Budget (Overall):* only include estimated project funding section of SF424 (R&R) cover

## Administrative Core

- Specific Aims* for Administration Core
- Research Strategy:*
  - Objectives
  - Staffing and organizational structure
  - Resources
  - Services provided
  - Administration; management strategies; promote coordination & collaboration within the center
  - describe promotion of collaboration, quality control of research/publications, generation of future grant applications
  - add tables/organizational charts
  - include past activities/accomplishments relevant to admin core
  - advisory structure

***Each PAR/RFA has unique requirements, please refer to the announcement!***

- Letters of Support;* specific to Admin core
- Resource Sharing Plan*
- Planned Enrollment Report, Cumulative Inclusion Enrollment Report*
- SF424 Cover (Administration Core)*
- R&R Project Information (Administration Core)* (do not add project narrative for admin core)
- Project Site Location (Administration Core)*
- Key Personnel (Administration Core):* use “other” “core lead”
- Budget (Administration Core)*

## Research Projects (typically 1)

- Specific Aims* for Research Project
  - Research Strategy (Research Project):*
    - follow specific guidelines in PAR/RFA
- 
- Letters of Support;* specific to Research core
  - Resource Sharing Plan*
  - Planned Enrollment Report, Cumulative Inclusion Enrollment Report*
  - SF424 Cover (Research Core)*
  - R&R Project Information (Research Core)* (do not add project narrative for research projects)
  - Project Site Location (Research Projects)*
  - Key Personnel (Research Projects):* use “other” “project lead”
  - Budget (Research Projects)*
