The University’s internal deadline for the limited submission competition for the National Endowment for the Humanities (NEH), **Summer Stipends** is **9/7/15**. If you are interested, please read on for details.

- **Purpose:** Summer Stipends support individuals pursuing advanced research that is of value to humanities scholars, general audiences, or both. Recipients usually produce articles, monographs, books, digital materials, archaeological site reports, translations, editions, or other scholarly resources. Summer Stipends support continuous full-time work on a humanities project for a period of two months. Summer Stipends support projects at any stage of development.

- **Eligibility:** The Summer Stipends program accepts applications from researchers, teachers, and writers, whether they have an institutional affiliation or not. Applicants with college or university affiliations must, however, be nominated by their institutions.
  - **Formal Education:** All applicants must have completed their formal education by the application deadline. While applicants need not have advanced degrees, individuals currently enrolled in a degree-granting program are ineligible to apply. Applicants who have satisfied all the requirements for a degree and are awaiting its conferral may apply, but such applicants need a letter from the dean of the conferring school, attesting to the applicant’s status as of October 1, 2015. This letter must be received by the Summer Stipends program by October 22, 2015. You may fax the letter to the program at 202-606-8204; alternatively, you may include a PDF version of the signed letter as an attachment to an e-mail message sent to stipends@neh.gov.
  - **Citizenship:** U.S. citizens, whether they reside inside or outside the United States, are eligible to apply. Foreign nationals who have been living in the United States or its jurisdictions for at least the three years immediately preceding the application deadline are also eligible.

- **Budget & Project Period:** Summer Stipends provide $6,000 for two consecutive months of full-time research and writing. Recipients must work full-time on their projects for these two months and may hold other research grants supporting the same project during this time. Summer Stipends normally support work carried out during the summer months, but arrangements can be made for other times of the year.

- **Application Details:** Since the University of Miami may only submit two (2) proposals, this opportunity is a limited submission competition. An expert panel from the College of Arts & Sciences will internally review our candidates to determine which applications will be submitted for competition by the NEH deadline on October 1, 2015.

To apply, please submit a full application to Dr. Angel Kaifer at akaifer@miami.edu by **9/7/15**.
